## E. Investments:

Investments are accounted for in accordance with the extant RBI guidelines on investment classification and valuation, as given below:

### 2.1 Classification:

As per RBI guidelines, investments are classified into Held to Maturity (HTM), Available for Sale (AFS) and Held for Trading (HFT) categories. Under each category, the investments are further classified as (i) Government Securities, (ii) Other Approved Securities, (iii) Shares, (iv) Debentures and Bonds and (v) Others like Mutual Fund Units, etc.

For disclosure in Balance Sheet, the investments are classified as Investments in India and outside India.

### 2.2 Basis of Classification

#### i. Held to Maturity

- Investments that the Bank intends to hold till maturity are classified as Held to Maturity (HTM).

#### ii. Held for Trading

- Investments that are held principally for resale within 90 days from the date of purchase are classified as Held for Trading (HFT)

#### iii. Available for Sale

- Investments, which are not classified in the above two categories, are classified as Available for Sale (AFS).

iv. An investment is classified as HTM / HFT / AFS at the time of its purchase and subsequent shifting amongst categories is done in conformity with regulatory guidelines.

v. Investments in associates are classified as HTM except in respect of those investments which are acquired and held exclusively with a view to its subsequent disposal. These investments are classified as AFS.

### 2.3 Valuation:

#### A. Banking Business:

Cost of investment under AFS and HFT category is determined at the weighted average cost method by the group entities and cost of investments under HTM category is determined on FIFO basis (first in first out) by SBI and weighted average cost method by other group entities.

- a. Brokerage/commission received on subscriptions is reduced from the cost. Brokerage, commission, securities transaction tax, etc. paid in connection with acquisition of investments are expensed upfront and excluded from cost.
- b. Broken period interest paid / received on debt instruments is treated as interest expense/income and is excluded from cost/sale consideration.

**ii. Valuation of investments classified as Held to Maturity:**

- a. Investments under Held to Maturity category are carried at acquisition cost. The premium paid on acquisition, if any, is amortised over the term to maturity on constant yield basis. Such amortisation of premium is accounted as income on investments.
- b. A provision is made for diminution, other than temporary, for each investment individually.
- c. Investments in Regional Rural Banks (RRBs) are valued at equity cost determined in accordance with AS 23 of the ICAI.

**iii. Valuation of investments classified as Available for Sale and Held for Trading:**
